20th Annual Boom Box Parade
In the Spirit of Giving

Bullhead City, AZ: The Colorado River Women's Council is excited to announce the 2018 Boom Master for our Boombox Parade. The parade will take place on December 7th. This year's theme will be "Celebrating 20 Years With Harry Potter Christmas", and as always, In the Spirit of Giving. The parade is scheduled to begin at 6:00 pm and will travel a 2-mile route along Hancock Road to Alonas Way.

This year, CRWC would like to congratulate Boom Master **Karole Finkelstein!** Karole was nominated for her astonishing, active volunteerism and dedication to our community. Karole said "My personal mission is to be compassionate and giving for everything I am trying to accomplish." Karole has been involved and serving in our community for nearly 20 years.

Karole is most proud of being married for 57 years to such a wonderful person, her children and grandchildren, and finally, the Colorado River Historical Society and Museum. Karole Finkelstein and Elsie Needles were able to raise enough money to build the beautiful new museum to be completed this year for their Legacy to our community.

The Boom Box Parade is proudly sponsored by our Signature Sponsors Mohave Electric Cooperative and Perkins Restaurant and Bakery. Gold Sponsors DOT Foods, Advanced Animal Care, Golden Vertex and Mattressland. Our Silver Sponsors are Mission Bank, Tri-State Pain, Our Town Magazine and Bressman Construction and we can't forget about our wonderful sponsors TV2 and Murphy Broadcasting.

For more information about volunteering and/or sponsorship, please contact Cathy Stubblefield at events@ColoradoRiverWomensCouncil.info Rules and Registration forms are now available www.ColoradoRiverWomensCouncil.info/boom-box-parade

The Colorado River Women's Council (CRWC), a 501 (C)(3) non-profit organization, has over 100 active members from the Tri-State area cities of Bullhead City, Kingman, Needles, Mohave Valley and Laughlin, Nevada. The CRWC provide a community leadership role through business, education, networking and services.
